[REDACTED] friend whose identity he does not wish to disclose because of reasons that will later be explained, remarked to [REDACTED] that he would like to have him meet [REDACTED] as it was quite evident that [REDACTED] had a problem on his mind. was one of four men who met HITLER and his party when they landed from two submarines in Argentina approximately two and one-half weeks after the fall of Berlin. [REDACTED] continued that the first sub came close to shore about 11:00 p.m. after it had been signaled that it was safe to land and a doctor and several men disembarked. Approximately two hours later the second sub came ashore and HITLER, two women, another doctor, and several more men, making the whole party arriving by submarines approximately 50, were aboard. By pre-arranged plan with six top Argentine officials, pack horses were waiting for the group and by daylight all supplies were loaded on the horses and an all-day trip inland toward the foothills of the southern Andes was started. At dusk the party arrived at the ranch where HITLER and his party, according to [REDACTED], are now in hiding. [REDACTED] most specifically explained that the subs landed along the tip of the Valdez Peninsula along the southern tip of Argentina in the gulf of San Matias. [REDACTED] told [REDACTED] that there are several tiny villages in this area where members of HITLER's party would eventually stay with German families. He named the towns as San Antonio, Videma, Neuquen, Muster, Carmena, and Rason.

[REDACTED] maintains that he can name the six Argentine officials and also the names of the three other men who helped HITLER inland to his hiding place. [REDACTED] explained that he was given \$15,000 for helping in the deal. [REDACTED] explained to [REDACTED] that he was hiding out in the United States now so that he could later tell how he got out of Argentina. He stated to [REDACTED] that he would tell his story to the United States officials after HITLER's capture so that they might keep him from having to return to Argentina. He further explained to [REDACTED] that the matter was weighing on his mind and that he did not wish to be mixed up in the business any further.

According to [REDACTED], HITLER is suffering from asthma and ulcers, has shaved off his mustache and has a long "but" on his upper lip.

[REDACTED] gave the following directions to [REDACTED] "If you will go to a hotel in San Antonio, Argentina, I will arrange for a man to meet you there and locate the ranch where HITLER is. It is heavily guarded, of course, and you will be risking your life to go there. If you do go to Argentina, place an ad in the Examiner stating, [REDACTED] call Hempstead 8458, and I know that you are on the way to San Antonio."

The above information was given to [REDACTED], reporter on the Los Angeles Examiner on July 29, 1945.

The writer contacted [REDACTED] in an attempt to locate [REDACTED] in order that he might be vigorously interviewed in detail concerning the above store. [REDACTED] reiterated the information set out above, adding that the friend to whom [REDACTED] was talking in front of the Melody Lane Restaurant was a friend of his by the name of "JACK," last name unknown, but that since the introduction he has had further conversation with "JACK" and "JACK" advised him that while he was eating his lunch at the Melody Lane Restaurant [REDACTED] sat at his table

and after the meal followed him out where he engaged in a conversation in front of the restaurant. [REDACTED] according to "JACK," had mentioned that he had important information to divulge and solicited his cooperation in locating the proper officials to whom to impart this information. "JACK" told [REDACTED] that it was at this time that [REDACTED] came along and he asked [REDACTED] to listen to his story inasmuch as he, "JACK," was in a hurry.

[REDACTED] added that he had spent several hours engaged in general conversation which he explained was a "feeler" on the part of [REDACTED] to determine if he, [REDACTED] was all right and could be relied upon. He then advanced the story which has been related above.

[REDACTED] advised that he told [REDACTED] he would try to help him, and for him to call back at the Hempstead number in a few days and he would have some information for him. [REDACTED] continued that he immediately contacted [REDACTED] at the Examiner and [REDACTED] tried to arrange a meeting with [REDACTED] and in the meantime inserted the story in the newspaper which, according to [REDACTED] evidently scared [REDACTED]. [REDACTED] stated that he was unable to throw any more light on the story inasmuch as all the information obtained from [REDACTED] is incorporated in the story. [REDACTED] according to [REDACTED], did not spell his name but simply introduced himself as [REDACTED] which is phonetic.

[REDACTED] was advised by the writer that if [REDACTED] telephoned him or if he was observed at any time to immediately engage him in conversation to explain that the proper authorities wished to discuss the matter further in detail with him personally. To date [REDACTED] has not contacted [REDACTED].

[REDACTED] advised that he eats two meals daily at the Melody Lane Restaurant but he has not observed the subject since his first meeting. The writer has continually spot-checked the Melody Lane Restaurant at meal time in an effort to locate [REDACTED] with negative results.

The Hollywood and Los Angeles police records have been checked with negative results on the name [REDACTED] and other similar sounding names.

The records of Immigration and Naturalization Service were also checked with negative results under the name [REDACTED] and similar sounding names with negative results.

Because of the lack of sufficient information to support the story advanced by [REDACTED], it is believed impossible to continue efforts to locate HITLER with the sparse information obtained to date.

[REDACTED] tells an apparently reliable story but admits there is some doubt in his mind as to whether [REDACTED] is telling the truth.

A description of [REDACTED] obtained from [REDACTED] is as follows:

Dear Sir:

I'll bet a dollar to a doughnut that Hitler, is located right in New York city!

There's no other city in the world where he could so easily be absorbed. No doubt you have considered this possibility, but I mention it for what it is worth anyway.

Mr. J. Edgar Hoover.
Chief of Bureau of Natl Investigators.

My dear Mr. Hoover:

For quite long weeks I have been planning to write to you but due to excess of work I could not. That dealy has come very a propos, as in the meantime it has been offered a reward to anyone whose information may conduct to the detection of Hitler.

To begin with I am one of those who think and believe firmly that Adolf Hitler as well as Eva Brown are alive. Their bodies have not been found, both vanished at the same time, both were not capable of committing suicide and with plenty of means, there is not a reason why they should not be as safe as possible, trying to enjoy life.

Now, as to the whereabouts my reasoning is this:

1- Hitler disappeared the very day before the Russians entered Berlin; there was no large margin of time for him to prepare his escape.

2- Hitler did not learn any language -foreign one-, pretended to despise all languages naturally besides the German, but the real reason must be, he tried and could not. So he must have thought of a country in which his German would not attract the attention of others.

3- Switzerland -tho denying it now-, played ball all the time during the war with the nazi Reich. The German Switzers are numerous and powerful, and, which is more important, they were, are, the nearest friends to whom rich Hitler could apply for shelter. Besides the German part of Switzerland is peopled with far sited and practically isolated farms, in any of which Hitler and the Brown woman could live peacefully and happily for the rest of their natural lives.

Consequently I have a hunch that it is in the German Switzerland where these fugitives of law are to be found. They must be there, covered and helped by many other Switzer of German descent, affiliated to the nazi ideas.

Wishing you all good luck in your tasks, let me remain,
Yours very sincerely,

The western enterence to elevators leading to Hitlers new underground is a wall operated by photo-electric cells, and that by code signals of even dim flash lights, wall slides to left, lets Autos speed in, and instantly slides back onto place. Do not believe the British lie that Hitler is dead I am A full blooded American and think this should be investigated at once. Your Friend,

Dear Sirs:

I have a book here of Adolf Hitler it is all actual photographs taken in Germany of him and his colleagues, its all printed in German, so far I have found no one who can translate it. I thought it might be of interest in finding or tracing down some of the War Criminals.

I would be glad if you would have some one call who could talk German, it is best to call in an evening my son who was over ^{seas} there traded a package of cigarettes for it & he sent it to me, I received it the middle of July it was about 4 weeks coming. He sent it with several other things and it was ignored.

NAZI ENVOY SAYS HITLER STILL ALIVE

PARIS, Oct. 27. (AP)—The newspaper *France Soir* today quoted Otto Abetz, Germany's wartime Ambassador to France, as saying in an interview that Adolf Hitler "is certainly not dead."

The newspaper said Abetz added that Hitler "was not a coward—I believe one day he will return."

Abetz's arrest was announced yesterday by French zone headquarters. The former Ambassador was captured as he sought to slip from the French to the United States zone of occupation.

Security Matter - G

The Bureau is in receipt of a report from the Strategic Services Unit of the War Department dated October 23, 1945 concerning the possibility of a "Hitler Hideout" in Argentina. This report is as follows:

"One Mrs. Eichhorn, reported to be a reputable member of Argentine society and the proprietor of the largest spa hotel in La Falda, Argentina, recently made the following observations:

- "a. that even before the Nazi Party was founded she made available to Goebbels her entire bank account which, at the time, amounted approximately to thirty thousand marks, which money was to be used for propaganda purposes;
- "b. that she and her family have been enthusiastic supporters of Adolf Hitler since the Nazi Party was founded;
- "c. that this voluntary support of the Nazi Party was never forgotten by Hitler and that during the years after he came into power her friendship with Hitler became so close that she and members of her family lived with Hitler in the same hotel on the occasion of their annual visit to Germany;
- "d. that if Hitler should at any time get into difficulty wherein it was necessary for him to find a safe retreat, he would find such safe retreat at her hotel (La Falda) where they had already made the necessary preparations."

He had heard that no one had Hitler's fingerprints and had called to tell the FBI the name of a book where it shows Hitler's hands. The name of the book is "How to Know People by Their Hands." RE: RUMORS HITLER MAY BE IN ARGENTINA
Foreign Political Matter

Dear Sir:

Reference is made to the letter from the Bureau to the Buenos Aires office, a copy of which was furnished to this office, dated October 26, 1945. Referenced letter suggested that [redacted] be questioned for any facts supporting assertions made in a clipping of the "Magazine Digest". Although no copy of the clipping was furnished to this office, it was presumed that the clipping referred to [redacted] report to the "Chicago Times", expressing the possibility that Hitler and Eva Braun were in Argentina. This matter was reported to the Bureau and the Buenos Aires office by radiogram and cable respectively on July 19, 1945 under the title "Report of Hitler and Eva Braun in Argentina".

[redacted] is a friend of [redacted] and has reinterviewed [redacted] with a view toward ascertaining the latter's source. [redacted] advised that the information reported by him was received from a relative in Argentina. He continued to defend the likelihood that Hitler is in Argentina.

It is a matter of considerable comment in Montevideo that an American publication, the "Chicago Times", should have a local representative of such low caliber as [redacted]. His reputation is extremely poor and he is generally considered to be a journalist of the most sensational and unreliable nature. In view of this, no further inquiries are being made in Montevideo concerning this matter.

Very truly yours,

CC - Buenos Aires

Dear Sir:

You will remember (maybe) that some time ago I wrote you that I suspected ^{ADOLPH} Hitler had found refuge in Argentina. Nothing that has happened since then has served to change that belief: much has happened to confirm it - (the German submarine that showed up there with no good reason to account for its being one that increases my suspicion)

The enclosed article from "Fact" magazine crushes my suspicion even more logical. I am just wondering if our government is aware of the danger - threat - brewing in that area? I did not seem alarmed at ¹⁴ Hitler's ⁶⁵⁻⁵³⁶¹⁵⁻⁵⁷ power in Germany. Could it be that history is going to be repeated in Argentina? I am ^{AD} just wondering, that all.

Sincerely,

The Nazis are Winning in the Argentine

BY JOHANNES STEEL

THE Council for Pan-American Democracy called an emergency meeting in New York this summer which was attended by seventeen industrial trade union leaders and representatives of other organizations.

Following that conference, the Council for Pan-American Democracy dispatched a letter to President Truman, making the following request:

"It is known that the State Department, in cooperation with the other American republics represented in the Emergency Advisory Committee for Political Defense, has in its possession an exhaustive and carefully documented indictment of the Peron regime. This White Paper fully establishes the fascist nature of that regime, its services to the Axis enemy, its aggressive militarist plans and its dangerous penetration into other American republics. This document has never been made public.

"The original plan of presenting the facts to the Conference on Problems of War and Peace, held in Mexico City, was never carried out, and the document was suppressed

in order that the way might be paved for Argentina's admission to UNCIO. We urge that you now make this document available to the press and public of the world, together with whatever additional data has been compiled."

So far, this document has not been made available to the press and the public of the world. If it had been made available, it would probably have contained among other things an account of the following facts.

Despite the pledges by the regime of the Argentine Colonels' Lodge (GOU) to cooperate with the United Nations, Argentina is teeming with unmolested Nazi war criminals.

Among them is Count Karl von Luxburg, chief of Nazi intelligence in Argentina and a close associate of Germany's recent self-styled Fuehrer, Admiral Karl Doenitz. Another is Richard Schroeder, one of the chief assistants of German Labor Front leader Robert Ley.

Count von Luxburg, Germany's Ambassador to Argentina during the first World War, was expelled from the country in 1916 for organizing

HOLOSORE

the *sinking* of Allied ships. The Count returned to Argentina to become chief of German Intelligence. He has maintained a clandestine broadcasting station on his "Quinta de Martinez' estate." From a building near the Retiro railway station, he organized a system of signaling to submarines with flags and lights.

Von Luxburg's activities resulted in the loss of Allied lives and the sinking of innumerable Allied ships, and Allied claims for his delivery to them would be fully justified. As the key Nazi in Argentina, he might cast light on the Nazi network in this continent.

Von Luxburg is also said to have cooperated with Fritz Mandl, former Austrian munitions magnate, and to have put him in contact with the Argentine generals. He is also reported to have helped finance the GOU coup d'etat in June, 1943, and to have personally advised Victor Paz Estensoro, leader of the coup in Bolivia in December, 1943.

Schroeder, chief of the German Labor Front in Argentina in 1937 and 1938, went back to Germany to work with Ley. On his reported return to Argentina, he is said to have left for the interior of the country and is now believed to be in Calamuchita in Cordoba province. This town and La Falda are considered important centers of clandestine Nazi cells.

Admiral Karl Doenitz, his so-called Foreign Minister Count Lutz Schwerin von Krosigk and Ley have

deposited considerable sums of money in Argentina over a period of time through the "Banco Aleman Transatlantico" (German Transatlantic Bank), reportedly under false names. Two other Nazis, who have also come to Argentina recently, are the leading Gestapo men, Walter Wilkening and Willy Scheckenbach.

Schroeder is reported to have arrived in Argentina with full instructions to prepare hiding places for other Nazis in that country. The vast territories of the provinces of Entre Rios, Chaco and Misiones are said to be ideal for harboring sought-for Nazis and to be, actually, the headquarters of clandestine Nazi organizations.

The Nazis in Misiones are reported to be maintaining contacts in Brazil and Paraguay and to control a system of roadways known only to them. General Calderon, who discovered the extent of Nazi control in Misiones, has been arrested and is held incommunicado. All consistently democratic high-ranking Argentine army officers were also purged after the series of arrests recently.

Additional evidence on Nazi economic spearheads in Argentina has been furnished by Argentine anti-Nazi newspapers and resistance lead-

Johannes Steel has traveled extensively in South America and knows many of its leaders through personal association. An able and competent journalist, he sets forth in this article written specially for FACTS the political and economic influence being wielded by the Nazis in Argentina and the attendant dangers to the Good Neighbor policy. Mr. Steel, a prolific writer, also has a tremendous radio following over a number of stations headed by WHN of New York City.

ers. It : bear out revelations on Nazi economic activity in Argentina by U. S. Assistant Secretary of State William L. Clayton.

The evidence involves such top-ranking Argentine leaders as Col. Juan D. Peron, kingpin of the colonels' regime, and Finance Minister Cesferino Alonso Irigoyen. It also indicates that Nazi political and economic influence continues and hints at the continued harboring in Argentina of escaping Nazis.

The Montevideo emigre paper **CRITICA LIBRE** has made the following two charges:

That Finance Minister Irigoyen is closely tied to sugar mill consignees Garvaglio and Zorraquin Inc., which in turn is connected with German and Italian interests. Dr. Guillermo Zorraquin was president of the Argentine Association of Friends of Germany until its dissolution.

That the construction of an arsenal at the Rio Santiago naval base has been entrusted to the black-listed German construction firm **GEOPE**.

Closely connected with this firm is Dr. Carlos Ibarguren, Argentine nationalist leader and principal legal advisor of the National Bank of Argentina. Also connected with **GEOPE** is the notorious, pro-Nazi Gen. Basilio Pertine, who recently stated in the Buenos Aires German Club: "Argentina is not a country of traitors, but a harbor and refuge for its friends."

General Pistarini, who, as Minister of Public Works, is presumably responsible for letting contracts, is also notoriously pro-Nazi. A photo-

graph on the cover of a book on Nazi influence in Argentina, written by Radical party deputy Silvano Santander, shows him giving the Nazi salute.

CRITICA LIBRE printed documented charges that Peron, who was then War Minister and Vice President, as well as Secretary of Labor, is the partner of Fritz Mandl, pro-Nazi munitions magnate, and maintains the closest connections with him. The charges were never refuted. The government has officially intervened with Mandl's firm, and he has been officially interned. But, say Argentine democrats, this was for show purposes only.

VANGUARDIA, Socialist party weekly published in Buenos Aires, reveals the following four specific cases of continued Nazi activity in its current issue:

German Labor Front fees continue to be deducted from the salaries of employees of the German Transatlantic Bank, indicating the survival of a leading Nazi organization in Argentina.

Every cadet in the National Military College has received a textbook on geopolitics written by the Nazis.

During the past summer, a large airplane landed in Gualaguay, Entre Rios province, with the help of light signals during the evening hours. The landing area, located in district eight of Gualaguay, is part of an estate recently acquired by an Argentine German society.

The government interventor in charge of the German-owned Thyssen Lametal firm is himself a notorious Nazi named Wenceslao Oneto.

The Winning Fight Against Diabetes

BY LEONA ALBERTS WASSERSUG

At last, thanks to a simple chemical called alloxan, the mystery of that murderous and baffling disease, diabetes, is well on its way toward ultimate solution. Diabetes kills some 37,000 persons yearly, and its victims are four times greater in number than those crippled by infantile paralysis.

Alloxan is the "open sesame" to the enigma of diabetes. With it, researchers have, for the first time, a simple experimental method of giving diabetes to the usual laboratory animals.

This means that doctors now have a direct approach toward solving some of the more complicated theoretical problems concerning diabetes. It also means that they now have a quick, easy way for testing different diabetes remedies such as diets, medicines and glandular extracts.

Leona Alberts Wassersug is a graduate of Simmons College and a former laboratory technician. Her medical science articles have appeared in many of the leading magazines for the five years. Married and the mother of a small daughter, Mrs. Wassersug makes her home in South Braintree, Massachusetts.

As the conservative NEW ENGLAND JOURNAL OF MEDICINE says:

"The discovery of alloxan diabetes has opened opportunities for research never before dreamed of, and these new pathways of investigation should be exploited."

In the two years since its original discovery, the results of experiments with alloxan have been published in at least eight different countries. Everywhere doctors are interested in this new diabetes-causing chemical.

In diabetes the insulin-secreting cells of the pancreatic gland fall below par in function. As a result, the level of the sugar (glucose) in the blood, ordinarily checked by insulin, rises to abnormal heights.

That is why diabetes is sometimes called "the sugar disease." That is why most diabetics need their daily hypodermic quota of insulin. Deficiency in insulin is the outstanding feature of diabetes.

The mystery of diabetes lies in the fact that there is no altogether satisfactory explanation of why the insu-

arrived from Patagonia state that they say the group of Germans, whose behavior and manner were unmistakably those of German officers, meeting on the estate of the German Lahusen Company. This company is extremely active in the wool trade and is considered a most important Nazi spearhead in southern Argentina.

On June 25th, Assistant Secretary of State Clayton submitted to the Senate Military Affairs Committee evidence that Argentina has failed to eliminate a single case of suspected German economic penetration. According to evidence submitted by Mr. Clayton, the Allies have been unable so far to reach some 104 Axis spearheads in Argentina. And, significantly enough, the campaign to eliminate these spearheads also has not fared so well in either Paraguay or Uruguay, the neighbors of Argentina.

Meanwhile, inside Argentina the terror goes on. The release of a reported hundred or so political prisoners, most of them humble persons of no great political standing, has been followed by the arrest and imprisonment of other hundreds—perhaps thousands. In Argentina, people say that Peron is following a "system of rotating arrests"—until he can build jails enough to hold the entire population.

Our former Ambassador to Buenos Aires, Spruille Braden, was obliged to use a speech before the British Chamber of Commerce as the occasion to remind the Argentine Govern-

ment that it has not eliminated subversive Axis influences and interests. Speaking two months after Peron had signed the Act of Chapultepec, and almost two months after their admission to San Francisco as a reward for that "good behavior." Mr. Braden recited some of the commitments undertaken by signatories to that document. The implication was that the Argentines had signed with their eyes closed and their fingers crossed.

Among the pledges recalled by Mr. Braden were: "That war criminals shall be tried and sentenced; that centers of Axis subversive influence throughout the hemisphere shall be eradicated; and that enemy properties, investments and other holdings, beginning with those stolen from their victims, shall be sought out, immobilized and controlled."

President Truman has since appointed the militant ambassador to Argentina, Assistant Secretary of State in Charge of Latin American Affairs. Mr. Braden, who has demonstrated his democratic conviction, may be expected to liquidate the ambiguities which marked the policy of his predecessor, Nelson D. Rockefeller Jr.

The State Department knows that the Germans have a detailed plan to return to power via steppingstones in neutral nations and that the Nazi leaders and industrialists intended to wage a full-scale economic war, even as Allied troops occupied the German homeland.

Roughly the Nazis are already preparing to build up concerns, cartels and businesses in South America, Mexico, Switzerland and Spain, to win their way back into power in the international financial world. So far, the United States has discovered in South America alone 654 spearheads of Axis economic penetration. We are running against many a stone wall in trying to get at the German economic outposts.

The policy of the Good Neighbor was one of the many valuable legacies

left by Franklin D. Roosevelt. Its keeping is now in our hands, and, under the administration of President Truman, it must and will guide the relations of our country with the republics of South and Central America.

The principle of the Good Neighbor policy imposes upon us the obligation to help the Argentine people overthrow the Fascist regime and re-establish democracy among a people who love freedom as we do.

Just Try to Say It!

The following paragraph is the standard test given applicants for jobs as radio announcers. Read it clearly and without mistakes in 20 seconds and you have an above-average diction!

I bought a batch of baking powder and baked a batch of biscuits. I brought a big basket of biscuits back to the bakery and baked a basket of big biscuits. Then I took the big basket of biscuits and the basket of big biscuits and mixed the big biscuits with the basket of biscuits that was next to the big basket and put a bunch of biscuits from the basket into a box. Then I took the box of mixed biscuits and a biscuit mixer and biscuit basket and brought the basket of biscuits and the box of mixed biscuits and the biscuit mixer to the bakery and opened a tin of sardines.

Brave Defiance

Hotels in the United States seldom have a thirteenth floor, yet the number thirteen is believed by many to be the lucky number of this country. Perhaps it was to defy Old World superstitions that our forefathers used thirteen in so many ways. Or perhaps the Thirteen Original Colonies inspired them.

At any rate, in our first national flag the symbolic use of the number thirteen appeared as thirteen stars and thirteen stripes. In 1789, exactly thirteen years after we declared our independence, the first President, George Washington, was elected. In the National Coat of Arms, the symbolic use of the number thirteen is at its zenith—thirteen stars above the eagle in the crest, these encircled by thirteen small clouds; thirteen feathers on each of the eagle's legs; thirteen arrows in one talon, and an olive branch with thirteen leaves and thirteen olives in the other; thirteen letters—*E Pluribus Unum*—on the scroll in the eagle's beak. And blazoned on the eagle's breast is a shield composed of thirteen heraldic patterns!

Hitler Mystery Deepens as Other Nazi Leaders Make Pleas to Live

By JOHN F. SEMBOWER
Written for Central Press
and this Newspaper

THE HITLER mystery continues to grow daily. As most of the other Nazi bigwigs prepare to go on trial for their lives at Nuernberg, the most hunted of all the Nazis, Adolf Hitler, still is absent and unaccounted for.

Is Hitler dead or alive and in hiding? If he died, as most of his confederates claim, why has his body never been identified or found?

With each passing day the suspense mounts. If Hitler should be captured alive it would be one of the biggest stories of modern times. If he is never found and no trace of his remains is identified, he is almost certain to become the central figure of a legend.

In this last instance, the chances are that for years to come there will be persons all over the world who will report that they saw him alive after the fall of Berlin, that he got away and lived out his natural life.

Allied leaders dislike the prospect of this long drawn-out aftermath of the fall of Hitlerian Germany. Hitler's secretaries have told their captors that he was aware of what a final act of cunning it would be to disappear utterly. So far he has succeeded in doing this better than most things that he attempted in his hectic career.

Many Experts Dubious

Many of the world's greatest criminologists are on the hunt. They doubt the story of Hitler's chauffeur who contends that he burned the bodies of Hitler and his

mistress, Eva Braun, with a can of gasoline in a shallow trench outside the chancellery. Famed Scotland Yard has pointed out that bodies are not nearly so easily obliterated.

Ninety-two charred and broken bodies were removed from a mass grave near Hitler's bunker in the Reichschancellery. They were subjected to much worse destruction than burning with gasoline, yet the remains were sufficiently identifiable to convince experts that none were those of Hitler and Eva Braun.

Criminologists have been busy building up one of the most complete descriptions ever compiled of a human being so that they will be able to make positive identification if likely remains are discovered.

They have painstakingly interviewed the three doctors who treated Hitler at one time or another, and have collected X-ray films of his teeth and such of his bones as were photographed. They have gone back into old police records of Hitler's five arrests before he became chief of Germany on Jan. 30, 1933.

The searchers consider it more

in Germany itself.

If Hitler still lurks in Germany, sleuths believe that in time he will be "turned in" after the fashion that Foreign Minister Joachim von Ribbentrop was tattered on.

However, the greatest possibility for perpetuation of the Hitler mystery, whether he is dead or alive, lies in the very reports which already are being circulated.

Swedes report seeing an expensive yacht furtively moving in and out of countless inlets on the North sea. About the time that a Brazilian battleship was sunk by an unidentified submarine, a mysterious party, said to include a woman who might have been Eva Braun, was reported to have landed from a submarine off the coast of Argentina.

A Paris source reported that "Hitler is alive and dwelling in the Alto Adige region" of Italy. Mysterious goings and comings of large German-type transport planes in and out of mountainous regions of Spain have been told by some "observers."

A Japanese navy staff officer told details of a plan to evacuate Hitler and Eva Braun to Japan after the fall of Germany, and that a large Japanese submarine embarked on the enterprise.

Nothing further was heard of the submarine, according to the Jap. At the same time, some of the huge German U-boats still are unaccounted for.

Big Sub Cache

That there may have been considerable submarine traffic between Germany and Japan was in-

dicated by the interception last July of a Nazi U-boat Japan-bound with a \$5,000,000 cache of mercury and other valuables sorely needed by the Japs for a last-ditch stand.

Sufficient credence was attached to the possibility that high-ranking Germans might have escaped to Japan that United States Army authorities have been carefully checking the approximately three thousand Germans gathered in the remote mountain district of Ashinoyou, whose tall peaks resemble those of Hitler's beloved Bavaria.

Until and unless the Hitler mystery definitely is solved, these reports can continue and grow until they reach their ultimate end of someone reporting actually seeing Hitler himself in the flesh. Under much less tenuous circumstances, reports circulated for years that it was not Lincoln's assassin, John Wilkes Booth, who was shot to death by Union soldiers in a barn 12 days after the assassination, but a sleeping tramp who was mistaken for Booth.

Up until a few years ago it was necessary for official denial to be made that Booth did not evade justice and live out his natural life.

One of the greatest international hoaxes was that of the fabulous

viewed the doctor who treated Hitler at one time or another, and have collected X-ray films of his teeth and such of his bones as were photographed. They have gone back into old police records of Hitler's five arrests before he became chief of Germany on Jan. 30, 1933.

The searchers consider it more than an accident that no remains have been found which can be identified as those of Eva Braun or of Martin Bormann, deputy chief of the Nazi party, as well as Hitler.

Some German sources contend that Bormann superintended the cremation of Hitler and Eva Braun, and when last seen had Hitler's last testament naming him successor in the Nazi movement.

Bormann May Be Key

Allied authorities are inclined to believe that Bormann is the key to the mystery. If Hitler is alive, Bormann is likely to be with him, or to know his whereabouts.

If Hitler is dead, it is regarded as more plausible that the subtle Bormann engineered the complete disappearance of the bodies than that a chauffeur accomplished that result in the crude manner that he has described.

Among the flood of rumors is one to the effect that the Russians have Bormann in secret custody, and that they know the manner of Hitler's death, perhaps even possessing his corpse.

Allied authorities have attached no importance to the rumors, pointing out the irony that Hitler probably hoped that his disappearance might sow seeds of dissention among his conquerors.

There have been instances in history when the followers of dead leaders have tried to perpetuate their force through complete concealment of their remains.

Hitler may have known that the

DER FUEHRER'S FACE!—Adolf Hitler, top photo, as he looked before he disappeared and three suggestions by Central Press Artist E. George Green of how No. 1 Nazi may have changed himself—if he is still alive and in hiding from wrath of an outraged world.

body of Attila the Hun disappeared after his death in 453. He became part of the Teutonic legend of Niebelungenlied, in which Siegfried also figures.

Although rumors have originated in Spain, Argentina, Italy, Japan and Sweden that mysterious movements of parties which might include Hitler have been seen, the hunt for him inside Germany itself has not relaxed.

The arrest of Gerlach Hemmerich, an ex-member of the German general staff and slated to be a defendant at Nuernberg, after he had worked incognito for four months in a United States Army billet in Berlin, highlighted the possibility of Nazi leaders going underground

reports circulated for years that it was not Lincoln's assassin, John Wilkes Booth, who was shot to death by Union soldiers in a barn 12 days after the assassination, but a sleeping tramp who was mistaken for Booth.

Up until a few years ago it was necessary for official denial to be made that Booth did not evade justice and live out his natural life.

One of the greatest international legends was that of the fabulous Marshal Ney, Napoleon's chief lieutenant and called by him "the bravest of the brave."

Did Ney Escape?

Although Ney was convicted by a French court-martial and officially executed on Dec. 8, 1815, in Luxembourg Gardens, the report circulated that the firing squad, former soldiers under Ney, purposely missed their aim and he was permitted to escape.

To this day there are historians who contend that Ney eventually escaped to the United States where many persons later reported seeing him in various disguises.

It is a string of these legends that Allied authorities want to forestall by uncovering conclusive proof that Hitler was slain or killed himself in the maelstrom of falling Berlin.

Meanwhile, there are those who remain convinced that Hitler lives. A leading public opinion poll reported only a few weeks ago that two out of three Americans still refuse to believe that Hitler is dead.

As the Nuernberg trial gets underway the absence of knowledge as to the precise fate or whereabouts of Hitler probably will become more of an aching void unless in the meantime some of the most sensational disclosures in a period of sensational world-shaking events are forthcoming.

WAGE FIGHT IN ARGENTINA

Strike by Business as Weapon Against Raise Ordered by Government

Effect on political line-ups as Colonel Peron faces test in presidential election

A three-day strike of Argentine businessmen against their Government now has offered something new in the way of strikes. This was a strike of employers against an order to increase wages, not a strike of workers to force a wage increase.

What happened was this:

The Argentine Government, dominated by a group of Army colonels led by Col. Juan Peron, in December ordered employers to increase wages of all workers and to pay each worker a December bonus equal to one month's salary. Total increases in pay ranged from 18 to 33 1/3 per cent.

Protest. Businessmen immediately protested. Some of them complied with the order, but most of them refused on grounds of illegality and inability to pay. Businessmen finally hit upon a three-day shutdown, with employes continuing to receive their regular pay, as a means of showing their disapproval. Most businesses and industries remained closed throughout the three days; principal exceptions were utilities, banks and some small shops.

Businessmen now have taken the decree into court; they say it is unconstitutional because the Argentine Congress did not approve it. There has been no Congress in their country since 1943.

Responsibility for the decree is laid at the door of Colonel Peron. Earlier, as Labor Minister, he had backed formation of friendly labor unions and proposed a decree to give workers 25 per cent of their employers' profits. These actions were generally interpreted as bids for labor backing for his presidential hopes.

Col. Peron followed these moves by organizing the Labor Party, which now has nominated him as its presidential candidate.

Support of a large share of Argentina's 8,000,000 workers might enable Colonel Peron to win the February 24 election without coercion or manipulations. And although he sometimes has used strong methods, he is believed now to desire election by an overwhelming popular vote.

Colonel Peron counts on the support of several elements:

The Army, on the whole, can be expected to back him. The colonels' clique

has imprisoned generals known to have plotted or suspected of plotting against the Government. It has sent others to duty far from Buenos Aires. But Army backing can be deceptive; at times, defection has cropped out in unexpected places.

The national police are considered solidly behind Colonel Peron. They, to-

The balance of power between these two alignments appears to lie in the hands of certain elements.

Workers in businesses and factories and on ranches, nonmembers of the old unions, are the largest group. It is primarily to them that Colonel Peron has been directing his labor overtures.

COLONEL PERON CAMPAIGNING

... his elevation would create some delicate problems

gether with the Army, may control the election if the voting appears to be unfavorable.

Catholic leaders favor him, and Argentina is overwhelmingly Catholic.

Young nationalists, although not numerous, are his active supporters. Nazi and Fascist sympathizers are expected to work for his election.

Opposition. Colonel Peron's opponent, Jose Tamborini, candidate of the Democratic Union, will count on the backing of the parties in the Union—Socialists, Radicals (except a few dissenters), Progressive Democrats and Communists. These range from mildly liberal to strongly leftist.

Long-established labor unions, in the main, are believed friendly to Tamborini, but they claim only 500,000 members. Intellectual leaders, students, and businessmen are others upon whom Tamborini is depending.

National Democrats may split their votes. This conservative party's Government was overthrown by the colonel's in 1943.

Ultraconservative owners of huge estates will find themselves having to choose between Communist-backed Tamborini and Colonel Peron, who recently promised to break up a vast ranch holding and turn it over to the workers.

Politically apathetic citizens, a final group whose aid Colonel Peron seeks, in many cases resented the closing of shops during the business strike. Some of them are expected to support Peron.

If Colonel Peron's popular support proves too weak to assure his choice by free voting, force may swing the election in his favor. His elevation to the presidency would create some delicate problems for the U.S., whose officials have publicly denounced him in the past.

SOCIAL PROGRESS

“Whatever is right can be achieved through the irresistible power of awakened and informed public opinion. Our object, therefore, is not to enquire whether a thing can be done, but whether it *ought* to be done, and if it ought to be done, to so exert the forces of publicity that public opinion will *compel it to be done.*”

W. R. Hearst

In the 1880's the Hearst Newspapers pioneered in the movement for an 8-hour day for labor and helped to secure one for the ironworkers.

In 1902 the Hearst Newspapers advocated public ownership of certain public utilities to save them from the corrupt trusts.

In 1913 the Hearst Newspapers helped to put over Parcel Post to prevent exorbitant express rates.

In 1916 the Hearst Newspapers got Congress to pass a law—later set aside by the courts—barring child labor.

In 1922 the Hearst Newspapers fought for a “living wage” for the nation’s railroad workers.

In 1932 before the New Deal, the Hearst Newspapers urged work relief as a temporary cure for unemployment.

In 1937 the Hearst Newspapers asked for more recreation facilities for children, stating that juvenile delinquency results from community carelessness.

In 1945 the Hearst Newspapers lauded labor’s amazing record while at the same time deploring the Communist-led strikes of a tiny minority.

FROM : C. H. Carson

SUBJECT: Documents of Adolf Hitler

DATE: February 1, 1946

On January 24, 1946, [REDACTED] who advised that he was formerly a clerk in the Bureau and is returning from military leave to the Bureau's employ on February 18, 1946, furnished the following information to Supervisor [REDACTED] of the European Desk.

Weaver explained that he studied in Oxford, England, for a brief time before returning from military leave in the European theater. A fellow United States Army student there was [REDACTED]

[REDACTED] that he had been attached to the Army Transport Corps - Dental Section, and was among the first United States troops to enter Berlin. He claimed that he went directly to the Reich Chancellory and that he took from a safe there twenty-five packages of documents which, from what he could make out, were personal papers of Hitler's and consisted of personal letters written to and by Hitler, as well as some documents apparently concerning a new religious movement. [REDACTED] claimed that he sent these documents directly to his home as mementos and that they should be there now. [REDACTED] described [REDACTED] as a very reliable individual, very religious and apparently sincere in his statements.

Recommendation:

It is recommended that this memorandum be referred to the Internal Security Section so that if deemed advisable a check can be made at [REDACTED] home in [REDACTED] to determine if these documents actually are being held there. This information might be of assistance in war crimes trials. [REDACTED] knows that [REDACTED] intended to advise the Bureau about these documents. [REDACTED] is still in the European theater.

There is transmitted herewith the Laboratory report of the Document analysis of the above papers for MIS.

These papers were, when received, mounted on cardboard pages of a leather binder, each being covered with cellulose sheets fastened with scotch tape for protection.

To conduct the necessary examination, in accordance with express statements of MIS, several pages were removed from the covers. Since this endangered the specimens and additional preparations will be needed for permanent maintenance, this removal was confined to the minimum for "random tests". Pages 1 and 2 of the Marriage papers (the most questionable), the last (signature) pages of the "Private Will" and the "Political Testament" were the only ones completely removed. One or two of the covers of other pages were lifted to gain access to the paper, but otherwise the mountings were not disturbed.

It was found that rubber cement was used at the top and corners to fasten the original papers to the cardboard. In replacing those removed no additional adhesive was added and at no time was anything placed on the papers (in the nature of a test reagent, solvent, adhesive or any other Laboratory material such as might be applied in an examination).

For permanent retention and display, it is assumed that each page will be properly prepared, the Japanese silk or pressure cellulose methods of mounting being employed. The latter of these is the method used by Archives which has the necessary machinery and trained technicians. The Japanese silk method is used by GPO special binders (there are only a few in the U. S. properly skilled) at the Library of Congress.

The Bureau may wish to suggest such to the MIS.

The present mountings were restored in the leather binder and the specimens Q1 to Q17 inclusive and K1 to K14 inclusive are transmitted herewith for personal delivery to MIS with the report if desired. Photographic copies have been prepared for the records of the Laboratory.

There is attached hereto a brochure or book entitled "Adolf Hitler Certificate of Marriage, Private Will and Political Testament." This brochure is prepared with the original document appearing on the left-hand side of the page and the English translation appearing on the right-hand side.

It is noted that the signatures of Adolf Hitler, Eva Hitler nee Braun, Joseph Goebbels and Martin Bormann are signed to the marriage certificate which signatures appear on page 2 of the marriage certificate. It is noted that the signatures of Adolf Hitler and signatures of Martin Bormann, Nicholas Von Below, and Dr. Goebbels appear on page 3 of Hitler's private will. The name of Bormann appears on a letter prepared by Martin Bormann to the Grand Admiral. The signatures of Hitler, Dr. Joseph Goebbels, Wilhelm Burgdorf, Martin Bormann and Hans Krebs appear at the bottom of page 10 of Hitler's political testament.

The attached brochure was handed to [redacted] of the Liaison Section by Colonel [redacted], MIS. Colonel [redacted] advised that the attached brochure was prepared by the Military Intelligence Service from captured documents, and was prepared in the attached form so that the Chief of Staff might give it to the President, who undoubtedly will eventually place it in the Library of Congress. Colonel [redacted] advised [redacted] that he had been advised by General Vandenberg that the Chief of Staff was delighted with the attached material, but was reluctant to pass it to the President until some attempts have been made to verify the authenticity of the documents and signature of Hitler.

There are also attached numerous documents which were captured by the Military Intelligence Service at the Headquarters of the Wehrmacht which contain copies of Hitler's signature in September, 1940; January, 1942; September, 1944; October 12, 1944; October 24, 1944 and December 15, 1944. There are also attached documents captured at the Headquarters of the Wehrmacht containing the signatures of M. Bormann and Burgdorf. There is also attached a folder dated September 22, 1939, containing Hitler's signature on page 2.

Colonel [redacted] advised Mr. [redacted] that General Vandenberg desired the Bureau to make a comparison of the signatures appearing in the attached book with those appearing on the attached official documents in order to ascertain whether or not the signature appearing on the alleged marriage certificate and wills are authentic. Colonel [redacted] indicated to [redacted] that the Chief of Staff desired that this information be obtained as expeditiously as possible. [redacted] advised Colonel [redacted] the matter would be handled special in the Bureau.

RECORDED EX-11 165

Colonel [redacted] also cautioned [redacted] that the information appearing in the book, that is, the fact that the Army has what appears to be Hitler's marriage certificate, private will and public testament, is not known at the present time, and it is desired that this matter be maintained secret by the Bureau.

Memorandum for Mr. Ladd

until after the President has made it known publicly that the United States authorities are in possession of these documents.

There is also attached a photostatic copy of the official documents which was handed to [REDACTED] by Colonel [REDACTED]

RECOMMENDATION:

It is recommended that this memorandum with the attachments be forwarded to the Technical Laboratory and an examination be conducted as expeditiously as possible and that the results be made known to the Liaison Section with the return of all the documents attached other than the photostat so that they may be returned to Colonel [REDACTED]. It should be noted that the original documents can be removed from the book by releasing certain sections of scotch tape which hold these documents in place.

The purpose of the submission was given as a comparison of the signatures to ascertain whether they are authentic. However, it was also stated that this is an attempt to "verify the authenticity of the documents and the signature of Hitler."

An analysis of state, historical and ancient writings (as with paintings) is a search for evidence of any kind (in the physical materials as well as the habits of execution) which is inconsistent with the ostensible nature of the specimens. It cannot be confined to a writing comparison if the analyst is to stay within the bounds of conservatism and scientific principles. The writing habits are a part of the total evidence and not the sole determinant. It is quite possible for writings, especially signatures, to be authentic while the document as a whole is spurious.

For these reasons, the present analysis was based on the question whether there is evidence of inconsistency and falsity or evidence of genuineness sufficiently strong to warrant a definite decision. In the analysis, comparison was made with the "known" papers which were used as "standards" of unquestioned authenticity. Four aspects were considered:

1. Physical materials employed
2. Condition of these materials
3. Typewriting
4. Handwriting

Because of the strength of the evidence found and in order to disturb the papers as little as possible, not every piece was analyzed, this being confined to random samples.

1. Materials

The paper was found authentic in every respect consistent with the known papers and with previous knowledge of Nazi provisions. For instance, the sheets are heavy, of fine grade, relatively thick, white, highly callendered and continental rather than American or British in size (a little narrower and at the same time longer than our papers). Some sheets are torn on the top (narrow) side and others on the long (left) side in such a way as to indicate the possibility they were originally double sheets such as are used for "official" or legal documents and this is consistent with the ostensible source. The presence and character of the printing on Q6 (Bormann) (marked on the bottom "N/1404") (see "N/1404" on K13); and the swastika and name "Adolf Hitler" on Q3 (Private Will) and Q7 (Political Testament) which are embossed in gold; are normal.

submitted which would exhibit all degrees of pressure and paper similar to Q3 to Q17 inclusive were used; K13 is a linen finish paper which is not smooth like Q3 through Q17.

4. Handwriting

From a comparison of the unquestioned and questioned signatures, it was concluded that the names A. Hitler, Bormann and Burgdorf on Q1 to Q17 inclusive are the genuine writings of the signers of the same names on K1 to K14 inclusive.

The remainder of the questioned signatures could not be completely analyzed as there are no known (except a printed reproduction of Goebbels) for comparison. These are: Eva Hitler (Braun), Hans Krebs, Nicolaus von Below, Joseph Goebbels. However, there is evidence that these are genuine signatures rather than drawings and no attempt to exhaust every possible means of analysis is considered necessary.

The Certificate of Marriage, Q1 and Q2, is prepared by filling in spaces on a typed form with written ink answers. However, the typing was not mechanically reproduced (as by Multigraph, Mimeograph or office Lithograph machines) and ordinary marriage forms even in war-torn Berlin are printed.

If a special form was typed for this particular ceremony, the natural thing to do would be to copy from the printed forms, modifying as needed but adhering to the legal provisions as much as possible, and using the typewriter for the blank spaces. The fact that the other documents are typed raises the question why this document is different.

Accordingly, the handwriting of the marriage paper was compared with the signatures. It was concluded that the "registrar" Walter Wagner, whose signature appears at the lower left of the paper, Q2, wrote the majority of the ink entries. The fact that certain entries were written in different ink and by other persons is evidence of the impromptu nature of the act. These entries (such as the identification of Eva Braun and the birth data of Bormann) were also compared with all of the signatures without effecting an identification. It is therefore concluded that the unusual way of preparing the document is evidence of genuineness rather than otherwise.

The original specimens, Q1 to Q17 inclusive and K1 to K14 inclusive, have been returned in person.

F. called at 12:30. Blts, 38 mm I'stk. - 20 ccm Trbz. I.& (20%). - On account of the l. eye I must have Prof. Loehlein come. Chaoul is not so much needed just now; in this I opposed. F. maintains he is completely without complaints, has good appetite and hence such an examination (X-Ray exam.) would be superfluous.
Prof. Loehlein after telephoned information is abroad at present and will return at the end of the week.

F. explains that his illness is from his vexation of 11 yrs. over the generals of July 21st.

In the evening spoke with Dr. Mulli and order given to Kaninchen to test (pls. turn!) whether homosoran inj. causes speeding up of sedimentation/7 of blood corpuscles/7, since homosoran is composed from placenta and gravity causes the speeding up.

At the end of May 1943 the Blts. was only 2.5 mm. - Before the Duce visit in Feltre about 7.20.43 there was a severe attack beginning in the Wolfsschanze and the day after at the Berghof, then again a very severe one and most violent of all after Luftw. annoyance about Sept. 28, '44. over previous pushing attacks beginning with VII-20-'44.

Thursday, Dec. 7

No treatment undertaken.

Friday, Dec. 8

6:15 a.m. called by Arndt. Yesterday noon F. ate greens without any difficulty resulting. At night 12:00 supper with lettuce salad. Noted immediately thereafter that it didn't agree with him. 3 hrs. later pain in the former place (r. above in abdomen), after 3 hrs. more (6:00 a.m.) so severe that he summoned. Yesterday afternoon great annoyance (air situation and mil. situation - not resulting from an order 77 - Gen. 77).

Findings: Gall bl. area resistant and pain due to pressure but not so much as before. Still spasm on left. (at tip of liver) decreasing, outlet of stomach soft and without trouble. - Eukodal - Eupor. I.i. - Spasm, beginning immediately gradually letting up. - At present alleged strongest afflictions of his whole life. In greatest nervous tensions from imminent events and the constant terror attacks on German cities. It would require, therefore only slightest causes to produce bad/77 results. He has made up his mind that he hasn't anything wrong with his abdomen; for he never has had blood in the stool or vomited. Stool only once a day, color normal and neither thin nor very hard. - At 7:15 a.m. I went again, after I had convinced myself about the effectiveness of the inj. - The F. still said I should give the drops very slowly so that I should get no heart trouble. First 77 we spoke about his lack of sleep, since he usually works until 7 a.m. I considered a change most urgently necessary. It could not be otherwise just now, he said.

- 6:30 p.m. - visit: Everything again all right, the spasm attack just now. The left leg does not tremble now but the left arm and the hand. P 72, regular; heart sounds clear; bld. pr. 136 mm. Abdomen soft, gall bl. are a deep down somewhat resistant and light pain due to pressure. - I said that Dr. Stumpfegger was waiting outside and wanted to inquire about his findings. Could he come in and could he also feel the abdomen so that he too could see how soft it was and how well everything looked. But the Fuehrer said it would suffice if I did it; he wouldn't want someone else to look after him. I answered I would be very glad if another doctor would confirm the findings. To the question about what he was taking for the purpose of registering it the F. stated: 2-3 times daily 1 tbs. Gallestol (today only 2) 2 days ago for fear of a cold quinine-wine and yesterday 2 times 10 drps. Cardiazol sol. - To eat he has oatmeal gruel (he could eat it today 2 times if I gave it) and the recommended heat applications he takes constantly. (Heating pads).

I asked, therefore, to be allowed to look in again in the evening. "If I

have any difficulties, I'll call," the F. said, "but otherwise it is unnecessary."
- "May Dr. St. come in now?" - Yes. - "Shall I remain?" - No, I want to speak
to him alone. - Then I left.

Rem.: from the 7th to the 8th Dec. in the night there was a very great drop
in the barometer and as a result I had such great pain in the heart for $1\frac{1}{2}$ hrs.
that I had to walk about the room continually. - certainly also present
atmospheric effects on the Fuehrer. - Dr. Dietrich.

Saturday, Dec. 9

11:00 a.m. - F. slept 11 hrs. altogether $\frac{7}{7}$ (5 plus 6) and feels very well
and looks very well. Tells me his abdomen is entirely soft, which I find is
confirmed by examination. Concerning the gall bladder are a, if I should press
deeply, since there, also, there is no more swelling and only in the depths a
slight irritation still, it would be in condition! - I said: Some gentlemen
should see these findings, who maintain you were wrongly treated, the diagnoses
weren't right and who talk of the devil for such cases. - Wanted to stop
injections, then gave at request because of great existing strain 10 ccm
Trbz. I.i. plus Homoseran 10 ccm. I.m. b.w. $\frac{1}{1}$ please turn! Luether reminded
every day of Prof. v. Eicken. He at last was to come this evening but it was
changed. - Prof. Loehlein was provided for for Sunday.
Went walking only $\frac{3}{4}$ hrs. $\frac{1}{1}$ Conference on situation unfortunately a very
large one.

Sunday, Dec. 10

4:30 a.m. called by Arndt. F. has spasms again. Euk.-Eupar. I.i. - Examination:
gall bladder area resistant, becomes softer during examination. - Most exciting
days of entire life. A great victory must be won.

11:30 a.m.: F. has another spasm and had no sleep, at the same time serious
conferences constantly necessary. Departure dependent on a few important
expected reports, possible postponement till morning. Gr. inj. in train not
possible on account of necessary coolness on alighting, but unconditionally
necessary according to his interpretation after a gr. intraven. inj. - An
Euparverin I.m. given.

1:30 v. Eicken: r. tonsil shows on washing 3 abscess centers, otherwise
everything well. - F.: Dr. Giesing had to see the pol. $\frac{1}{1}$ polyp? v. E.
somewhat perplexed and tells a story about a prof. who treated Kaiser W. II
and a pol. only partly removed. First Prof. Spiess - Frkft. a.M., who was to
give only follow-up treatment for the voice, found the remaining part and
removed it.

5:00 p.m. Departure Bln. Grunerwald Sta. - In the train after-spasms but only
slight. Spasmopurin suppos. used (1 unit). Relief thereupon, in spite of
long train trip.

XII 10/11 at 2:42 a.m. - arrived at a Sta. in Werra and in cars on to
Adlerhorst (Eagles' Nest).

Monday, Dec. 11

6:30 - arrival in Adlerhorst (Taunus) in the morning. To inquiry information that F. is well.

11:30 p.m. - F. without complaints, urine yesterday and today, however, brown like beer. White of the eye O.B. [without findings?], however facial skin barely noticeable yellowish tinge. Gallestol 3 x daily. 1 tbs. and warmth; brought diet. In the evening at tea from 8-11 o'clock: F. had previously conference of many hrs. with about 40-50 generals. F. said to be very fresh and lively, animated and impulsive, after 3-hour conference then somewhat tired (Fegelein). At 8 o'clock however until beginning of tea and the rest of the time very conversational, lively and clearly in a good mood. On saying good-by again inquiry about findings. - Entirely without complaints.

Tuesday, Dec. 12

F. took leave at 4 a.m. and was wakened at 11 a.m. Without complaints; I didn't need to come. - Have urine brought. (as sample Crim. Dir. Schmidt at Res. Hosp. 1, Labor, Sis. Maria - Bad Nauheim).

Findings: Alb. opal
Sacch. 0
Bilirubin 1 plus
Urobilinogen normal
Urobilin 0
Sediment: 4-6 erythro. 3-5 leukoc.

Altogether, much mucin, urate.
No treatment.

ADOLF HITLER

Sir:

While reading last night's "News", I ran across the article that I am now enclosing to you: And I thought it might be wise send this clipping, to you.

Everything is "so important" today, that we cannot afford to ignore any bit of information, so I understand, that you all in your capacity, "know only too well. I am inclined to feel, (as the writer, writes,) that Hitler is at present "very much alike", and we have already prepared for any treacherous plans from the indefatigable enemy.

Warns Allies to Watch Freed Prisoners of War

Frankfurt—A German informant told International News service today that the resistance movement in Germany will begin as soon as the U. S. prisoners of war are released from their camps.

This informant, refusing to be quoted for fear of retaliation, told this correspondent that the organization of the resistance movement has already begun in the P.O.W. camps. Members of former S.S. units are to act after their release, with whom to get in contact and whom to recruit for werewolf units.

The S.S. men firmly believe that Hitler is not dead but in hiding, waiting for the day when he can come forward again and take over the leadership of Germany.

Violently Fanatic

And the rank and file of the S.S. are just as violently fanatic as during the time when they were the masters of practically all Europe.

Already inside the prison camps they are organized in new units with certain secret rallying points where they will report at regular intervals after their release to get their orders from leaders who are prepared to receive them.

Charge Sabotage

Their recruits will be young officers of the former Wehrmacht who scarcely having finished high school, were commissioned and, for a short time, held powers as never before, and very likely never again in their lives. These youngsters resent the Allied victory which deprived them of their position and are ready to do almost anything to get back what they lost.

The S.S., of course, do not forget the psychological preparation essential for resistance guerilla warfare.

Immediately after World war 1, the German underground started the legend of the undefeated German army that was stabbed in the back by the

people of the rear who revolted, incited by Jews.

Again this legend of the undefeated German army is being launched here, only this time there was no revolt but sabotage.

The German army, the protagonists of this legend say, had every conceivable war material in sufficient masses, everything, even the atom bomb. But sabotage prevented this material from being brought to the front, thus forcing the victorious conquerors of Europe to lay down their arms. As there were absolutely no Jews whom one could blame for this sabotage they were replaced by "big capital."

The capitalists, the S.S. leaders say, were interested in the defeat of Germany, as victorious National-Socialism would have threatened their wealth, while an Allied victory would bring them the help of the Allied capitalists.

Generals Traitors

Generals, like von Witzkeben and Field Marshall Rommel, were traitors to. They, of course, were hirelings of big capital.

The amazing thing is that such propaganda finds open ears almost everywhere, especially among former soldiers who remember how on several occasions supplies did not reach them in time when they needed them most urgently, or how shells did not explode, engines broke down and the quality of their supplies became worse and worse. None think of difficulties caused by the length of the supply lines or lack of raw materials. These things simply did not happen in Germany, thus it must have been sabotage.

According to the German informant young war veterans would be willing to take up arms again. And if the Allies want to suppress werewolf warfare, he said, they should look out today in the S.S. prison camps.

██████████ ETAL
SECURITY MATTER - C

On June 28, 1946, Special Agent ██████████ called upon ██████████ Lancaster, Pa., pursuant to his request that an agent contact him to obtain some material which had been found and turned over to him, and which indicated that ADOLF HITLER was still alive.

██████████ is District Attorney of Lancaster County, Pa., and he advised that some time during the week of June 10, 1946, the material in question was turned over to him for delivery to the proper authorities, by ██████████ Bausman, Pa., to whom it had been given by the finder at a parking lot where ██████████ is employed. This parking lot is operated by ██████████ and is located in the rear of the Hotel Pennsylvania, 122 Queen Street, Lancaster, Pa. Mr. ██████████ could supply no further information in the matter.

Upon interview, ██████████ advised that the material was found by an unknown patron of the parking lot who was not a regular customer, on an afternoon during the week of June 3, 1946. ██████████ did not notice the type of car operated by the finder, or obtain his license number, and stated that this individual merely said that he picked up the material in an alley leading into the parking lot, immediately before giving it to ██████████.

The above mentioned material which was bound by a small strap, consisted of the following items which are being submitted herewith for the information of the Bureau:

1. envelope addressed to ██████████ containing an undated letter to him signed by ██████████. At the top of the letter appears a list of "6 new members of our organization" and in the body thereof appears inter-alia, the statement, "I heard that on August 19, 1946, our dear and beloved Hitler will come out from the hiding place and give an address to the secret organization of Argentina, which numbers about 200 members all from the Father country". This letter also indicated that the writer was about to sail for Argentina.

2. a small sheet of white paper on which is pasted a map of South America, on which is roughly traced a proposed route from Philadelphia to Argentina. There is a short message under the map signed by "FRITZ".
3. A German coin wrapped in a small piece of white paper on which is written, "Dear Max, Buy yourself a cup of coffee."
[REDACTED]
4. A small notebook headed, "Contributions to the Iron Cross Organization". Various sums are then listed as "monthly payments" made by individuals merely identified by use of their Christian names and the first initial of their surnames. There are various notations on several pages of this book, the most significant of which appears on the third page, reading as follows: "I saw ADOLF HITLER the other day while in Argentina. He is considerably nervous, but has stopped taking drugs. He is hiding very safely while we take the chances, but he started this whole damn mess and we might we go thru with it".

Clipped to another page of the book is a portion of a five dollar bill and the following notations: "All members' money must match up and then their numbers must be checked. 18 members of our group."

Although it would appear that the material was possibly prepared as a childish prank, or by a person of unsound mind, the names listed in the letter as "new members" of the organization were searched in the indices of this office with negative results. The names of [REDACTED] were also searched. Two references were located on [REDACTED] which had no apparent connection and references to [REDACTED] were also located. The latter individual, who resided at the time at [REDACTED] Philadelphia, Pa., was the subject of a complaint received December 12, 1941, indicating that he was believed to be a member of a German Bund. Although no investigation was conducted at that time, he was the subject of a special inquiry made during the following year at the request of the War Department who contemplated employing him in aircraft and munitions production. The Bureau file in the latter matter is 96-3898.

The Bureau is being advised of this matter in order that the names referred to may be searched in its indices, or for any action deemed advisable.

Mr. Walter Winchell,

New York, New York.

To FBI

Dear Mr. Winchell:

Your broadcast of September 29, 1946, at 9:15 P.M. you mention that the United State and Russia had spent a lots of money, are still doing so, in effort to find Hitler, when he is in the United States.

You will ask the question, how do you know ????

Here is the story:

One day in August 1946, I went down the street on business stopped at the S. W. Restaurant for lunch, as usual the place was crowded, tables scarce, looking around trying to find a place I found this man at a small table just for two, so I asked if I may share his table, he said (Y Messes) so then I sat down, trying to figure out just who that person could be, after close observation, Hitler came to my mind, "I thought Hitler in person". So then I looked for something to make that name fit with the person, the following : Discription: I found was right Jaw larger than the left, black mustache cut like he had his cut, dark eyes, black hair, it looked like it had been dyed, the most impressive thing about the man was his hands, large with large ring on the left hand, just as white as could be looked like he had been in confinement for sometime, would say he was about 5feet, 7 inches, 150lbs, more or less, suit was miss matched, coat of checks, cheap looking, very nervous he played with his napkin, after he finished his lunch he sat at the table playing with his napkin, and watching his watch, after a period of time he leaves saying (Par don).

Hitler

After returning to the office I called FBI, giving my story to them, I asked the agent if he beleived that "Hitler, was dead the reply (I don't know) then I related my story, he asked a lot of questions, then he asked me for my name and address, have'nt heard from them yet.

I agree with you that Hitler, is not dead, I really think he is right here in Washington, D. C.

Yours very truly,

Mrs. [Redacted]

Dear Sir:-

I heard over the air that a certain actress stated that she is sure Adolph Hitler is still living. Have you any means of identifying him despite any plastic surgery or other change of physiography that might have occurred? Is there any financial reward offered for a clue which might start investigation resulting in his identification? In my travels I have contacted a family which might be of interest in that direction. I would be pleased to have a few items of description such as height, build etc, family group characteristics which might help to confirm my suspicion. My identity must not be divulged in connection with the case under any condition; I must be perfectly incognito. Please state any reward available; a very important item to me. After hearing from you as to your interest in the case I shall lend further co-operation.

Yours very truly,

Dear Sir:

I have an idea that this Hitler is not dead I feel as tho he came into this country on one of those two submarines that surrendered up in St. Denis. It would be an easy matter for him to land on the coast up there and come into Portland, Maine, unnoticed.

All of these explosions we have been having might be his work. It appears to me that he is working here in this country on an atomic bomb. Each explosion that we have had is worse than the previous one.

Probably, no doubt, you have examined the location of this explosion was in Texas for radium activity. It should be done at once.

I believe Hitler is not dead; I believe he is in this country. Go get him.

I am mailing you a picture taken of the explosion. It looks to me like an atomic bomb explosion only on a smaller scale.

Re: ADOLPH HITLER AND EVA BRAUN
INFORMATION CONCERNING

[REDACTED]
[REDACTED] about March 5, 1947, at least between the 1st and 5th of March of this year, was in Brazil on business. [REDACTED] had contacted several newspapers in Brazil seeking information of interest to a journalist, and it became known that [REDACTED] was also known as [REDACTED].

Consequently, [REDACTED] by [REDACTED]

[REDACTED] at Porto Alegre, Brazil, became interested in [REDACTED] a group of notables in the Casino area.

Through this individual, [REDACTED] was directed to a journalist in Rio Grande, which is about fifteen miles from Casino and near the Uruguayan border, Southeast Coast of Brazil. This journalist operates a newspaper [REDACTED].

Through arrangements made by the latter journalist, whose name [REDACTED] did not remember, [REDACTED] was sent to Casino with five [REDACTED] to give a [REDACTED] was in charge and was to direct the [REDACTED]. This [REDACTED] was to be held at the Grande Hotel de Casino on three successive nights.

The [REDACTED] included one American [REDACTED] by the name of [REDACTED] who [REDACTED] said was well known at the Colonne Theatre, Buenos Aires, South America; a Russian [REDACTED] who was a famous [REDACTED] and the names of the other three [REDACTED] did not remember, but one was an Australian, another Nicaraguan, and the other French. [REDACTED] had no negotiations with the booking of these [REDACTED] consequently was not advised too much as to their background with the exception of the two named above.

Upon arrival at Casino, described as a community of approximately five thousand people, it occurred to [REDACTED] that this was an unusual community inasmuch as it was necessary for the [REDACTED] to secure a pass to enter the vicinity of the town, and furthermore it was practically of one hundred percent German population. This area also lacked commercial establishments and consisted of villas or homes and a large hotel which had been remodeled and was very modern. It appeared in size out of proportion to the size of the community.

Re: ADOLPH HITLER AND EVA BRAUN
INFORMATION CONCERNING

[REDACTED]

At the hotel no identification was necessary nor was it necessary for the [REDACTED] register. They were shown directly to their rooms. The manager was very courteous to the [REDACTED] as well as were the townspeople, with the exception of the Russian [REDACTED] who was apparently well known. [REDACTED] received no cordial reception and felt a little out of place in view of [REDACTED] nationality. The rest of the [REDACTED] including [REDACTED] were invited into the various homes of the inhabitants and were engaged in social conversation frequently.

One thing of unusual interest came to the attention of [REDACTED] at Casino when one of the [REDACTED] reported a large radio station near the hotel. This station was peculiar in that the antenna which was quite lengthy was parallel to the ground instead of perpendicular. It was fenced off but could be observed from the street and the buildings nearby, having some sort of electrical equipment inasmuch as [REDACTED] heard a dynamo but did not actually see the equipment. [REDACTED] described the location of this radio station as follows: "When standing in front of the hotel take the first boulevard to the right and a short distance away the first path or narrow street which cuts to the left. Turn left and walk approximately from five to seven minutes and the equipment may be observed."

The [REDACTED] was advertised in Casino and was to be given at three performances in successive evenings. The performances were to be held in a hotel, combination ballroom and theatre, which would seat several hundred people.

[REDACTED] observed one of the maids in the hotel speaking to a young girl approximately seventeen years of age who was attractive and had chestnut colored hair. This young girl gave a "heil HITLER salute" to one of the hotel servants, which [REDACTED] thought was of particular interest. It was further learned that the hotel owner also had interest in a cafe and club known as "The Jockey Club" at Casino and also had interest in a large manufacturing plant about half way between Casino and Rio Grande. This plant manufactured woolen and other types of goods. The inhabitants of Casino did not appear to be engaged in any particular occupation.

Re: ADOLPH HITLER AND EVA BRAUN
INFORMATION CONCERNING

[REDACTED]

An inquiry by [REDACTED] of [REDACTED] newspaper friends subsequently disclosed that no one could live in Casino except persons who had homes there prior to the time it became a military area and blocked off from the rest of the surrounding community. This area allegedly became restricted three to four months before the end of the war in Europe.

The first performance was given on the evening of the [REDACTED] arrival in Casino. Shortly before the performance began [REDACTED] noticed that the ballroom which had a stage at one end, was completely filled with chairs which were occupied by local townspeople. There was a large table situated in a strategic position before the stage which had eleven empty chairs. There was what appeared to be champagne on the table. Shortly before the performance started and when the lights were somewhat dimmed, eleven people came in and seated themselves at the table. They were a mixed group, both men and women. He recognized one of the persons as the seventeen or eighteen year old girl he observed in the hotel lobby earlier that day. Inquiry was made of the assistant stage manager as to who these people were. The answer given was that "They are rich South Americans".

From [REDACTED] position on the stage [REDACTED] could closely observe the occupants of this table. This was particularly true during the staging of various [REDACTED] when the spotlights were shown directly across the table. [REDACTED] observed one man at the table whom [REDACTED] had seen before. This man was obvious because of a 2½" scar under his chin on the right side. [REDACTED] recognized this individual as a former German officer by the name of WEISSMAN. [REDACTED] remembered this man as being a member of the German Occupation Forces in Paris during the last war in charge of the Propaganda Staff who censored songs and other entertainment in that area. [REDACTED] stated that [REDACTED] worked for the French Underground and [REDACTED] knew that WEISSMAN was looking for [REDACTED] during his occupation and had issued photographs offering a reward for the capture of [REDACTED] which were circulated in the Paris area.

[REDACTED] related that [REDACTED] in his Underground School Training had learned to make mental photographs of features of individuals and mentioned the Portrait Parle System of Identification.

Re: ADOLPH HITLER AND EVA BRAUN
INFORMATION CONCERNING

[REDACTED]

Near the middle of the table [REDACTED] observed a woman whom [REDACTED] immediately felt [REDACTED] had seen before. In refreshing [REDACTED] memory [REDACTED] suddenly arrived at the conclusion that she was EVA BRAUN of whom [REDACTED] had observed many photographs but had never seen in person. Upon recognizing this woman [REDACTED] felt that HITLER might be nearby and examined more closely the other members of the group sitting at the large table. There was one man in particular having numerous characteristics of HITLER. This man was described as having the same general build and age of HITLER, was clean-shaven, and had a very short German crew haircut. This man was rather emaciated and [REDACTED] felt that this party was definitely HITLER, but [REDACTED] was not as sure as [REDACTED] was that the woman described above was EVA BRAUN. The HITLER suspect appeared to be friendly with everyone at the table.

After the performance, which was well received, dancing was held and a number of people including guests at the hotel and those at the large table remained for dancing. It was noticed that the young girl stayed with an elderly woman most of the time. However, [REDACTED] was introduced to the young girl and [REDACTED]. She was very talkative in German, gay, and rather proud. She seemed to want to impress [REDACTED]. This girl had, during one of the intermissions, given [REDACTED] a bank note as a sort of gratuity for a fine performance and stated that she hoped [REDACTED] would keep it for a souvenir.

[REDACTED] learned the name of the young girl was ABAVA (phonetic) and she claimed to be a German but was now a Chilean and resided in Chile. [REDACTED] mentioned that these people who claimed to be Chilean spoke German entirely and there was no evidence of the Spanish or Portuguese language being used, which made [REDACTED] doubt that they had not resided in that section of the country very long.

During the next day [REDACTED] and [REDACTED] further circulated in the village and [REDACTED] took a trip out to the aforementioned manufacturing plant near Rio Grande. [REDACTED] further noticed that everyone spoke German.

During the performance of the second evening at the hotel, the same table was set up but on this evening the table contained an extra chair and as of the previous evening the occupants of the table came in late. [REDACTED] again observed the girl whom [REDACTED] thought to be EVA BRAUN and the young girl but did not observe the man whom [REDACTED] judged to be HITLER on the previous evening. [REDACTED] did notice a very large man of approximately fifty

[REDACTED]
[REDACTED]
[REDACTED] years of age with steel gray hair whom [REDACTED] believed to be a German Officer observed in the Paris area during the occupation by German troops. [REDACTED] was unable to furnish any further identifying data beyond the fact that [REDACTED] was sure [REDACTED] had seen the man before.

There was another man whom [REDACTED] had not seen before in this group, a man who appeared to be elderly and who had white hair which he wore rather long. [REDACTED] being very curious, noticed something which [REDACTED] considered significant concerning the old man. During one of the dances known as "Les Sylphid" (phonetic), a well known ballet which is danced in a violet colored spotlight, [REDACTED] noticed that this light when placed on the large table caused the occupants' faces to appear as though they were masks of death with the exception of the old man whose face did not reflect as the others. This caused [REDACTED] to believe that the old man was using make-up. Upon learning this, the man in question was watched more closely and it was observed that he had the walk of a younger man, possibly forty to forty-five years of age.

[REDACTED] did not wish to be too curious in view of the fact that [REDACTED] was a member of the French Underground and might possibly be recognized by the party [REDACTED] believed to be WEISSMAN and did not ask too many questions. [REDACTED] did learn, however, from the young girl that she was a niece of the woman believed to be EVA BRAUN and that the group allegedly were from Vina del Mar of Chile. [REDACTED] believed that this young girl as well as the persons believed to be HITLER and EVA BRAUN actually resided at Casino.

[REDACTED] mentioned to the young girl that [REDACTED] was going to write a travelog about the community of Casino and describe it to prospective tourists as a very delightful, selected, and uncommercialized location. The young girl immediately advised [REDACTED] it would not be a very good idea as the people wish to keep it that way and did not desire tourists. She also described it as not a fit subject to write about.

The next morning [REDACTED] spoke to the manager of the hotel stating [REDACTED] would like photographs and explained to him regarding [REDACTED] idea of the travelog. The manager became very vehement and said he did not wish to discuss the matter as he did not desire anything of that sort written about the community. One hour later [REDACTED] received a call from the manager advising [REDACTED] that [REDACTED] and his [REDACTED] must leave within one hour, using the excuse that the rooms were full.

Re: ADOLPH HITLER AND EVA BRAUN
INFORMATION CONCERNING

[REDACTED] desired to leave the following day but was turned down by the manager. Cars were sent to the hotel to pick up the [REDACTED] and the [REDACTED] got in the first car which did not accommodate [REDACTED]. [REDACTED] was waiting around the front of the hotel for another car to come and was talking to the young girl who stated that she would like to have a photograph of [REDACTED]. [REDACTED] gave her a photograph which [REDACTED] autographed as follows: "From a [REDACTED] of the [REDACTED] who fought during five years against HITLER, to the niece of a famous lady." The young girl acknowledged the famous lady reference but no mention was made of EVA BRAUN. The young girl did say, however, that her aunt did not like journalists because they were too curious.

Shortly before [REDACTED] leaving the hotel [REDACTED] observed the lady whom [REDACTED] believed to be EVA BRAUN and two other people leaving the hotel and walk towards the beach. They were wearing beach costumes. The EVA BRAUN suspect was wearing a short beach skirt. [REDACTED] observed her in the daylight and was even more positive that she was EVA BRAUN. [REDACTED] mentioned that she had sort of a deformity which he described as a very thin waist with accentuated or large hips which he knew to be a characteristic of BRAUN.

The manager of the hotel bid [REDACTED] goodbye and said he hoped [REDACTED] and [REDACTED] party had enjoyed their visit at the hotel. [REDACTED] proceeded to Rio Grande where [REDACTED] talked to the president of the Chamber of Commerce regarding the proposed travelog. The result was that this Chamber of Commerce representative did not want an article regarding the community as he felt that the English might learn to like her place and settle here.

[REDACTED] proceeded to Rio de Janeiro where [REDACTED] stayed for a few days. [REDACTED] was walking down the street in Rio de Janeiro and a large rock fell on the sidewalk in front of [REDACTED] which had been dropped from some apartment above. [REDACTED] did not observe anybody and thought nothing much of it. However, the next day someone dropped a pot of some smelly substance, which [REDACTED] described as thick and gooey, out of the window and some landed on [REDACTED] shoes. What alarmed [REDACTED] was that within this "stuff" was a large piece of metal, like a large bolt, which would have been dangerous if it had hit [REDACTED]. [REDACTED] felt that perhaps someone was attempting to do away with [REDACTED] but on the other hand believed it might be [REDACTED] imagination.
